

ILEX

<i>Ilex cornuta</i>	1990s ex Windsor (second plant by Tin Garden 2011 planted)	Auklandii Sold by Burncoose
<i>Ilex bioritsensis</i>	Identified by Susyn Andrews in 2011 but had previously been called <i>I. dipyrena</i>	Greenhouse steps Sold by Burncoose (as <i>dipyrena</i>)
<i>Ilex verticellata</i> (I had guessed)?	Original plant or is it? <i>I. centrochinensis</i> = <i>I. corallina</i> as I now suspect.	Rookery / camellia piece
<i>Ilex ficiodes</i>	1980s?	Below main path
<i>Ilex latifolia</i>	2007	Above greenhouse
<i>Ilex</i> 'Camelliifolia'	2007	Above greenhouse
<i>Ilex spinigera</i>	Windsor 1991	Pound Corner Sold by Burncoose
<i>Ilex perado</i> subsp. <i>perado</i> (may now be subsp. <i>azorica</i> in new Hillier's)	1920s I guess	veitchiis and self-sown elsewhere
<i>Ilex perado</i> subsp. <i>platyphylla</i>		Rookery / elsewhere as windbreak
<i>Ilex perado</i>	Gift/exchange with Glendoick	Cannot remember
2 <i>Ilex kingiana</i> (formerly <i>I. insignis</i> F25424 and F25362)	The third in the group may be <i>I. latifolia</i> . Measured first in 1966.	By clump of <i>Podocarpus salignus</i>
<i>Ilex latifolia</i>	Measured first in 1966. May be more than one.	Below Rogers Quarry

(*latifolia* and *kingiana* in great maturity have very similar leaves and have suffered (*ilex*) phytophthora for some time)

Ilex kingiana (?) (or latifolia) probably self-sown	Big tree	Slip Rail
Ilex kingiana (?) (or latifolia) possibly self-sown	Big tree	Above Crinodendron Hedge
Ilex pernyi		Not sure / cannot remember
Ilex cyrtura		Not sure / cannot remember
Ilex dimorphophylla	2007 planted but we had previously in PCT's records	Behind greenhouse
Ilex cinnensis (?)	Original plant? corallina? <u>forrestii</u> .	Rookery – above nursery beds
Ilex ? ex Windsor 1991	Big leaf (may be two plants)	Slip Rail
Ilex mutchagara		Good plant at Burncoose New planting Sold by Burncoose
Ilex yunnanensis	Seen at Rosemoor / bought Bulk recently (suspect this was once here but no evidence)	Above Crinodendron Hedge
Ilex aquifolium 'Bacciflava'		Sinogrande Walk
Ilex x attenuata 'Sunny Foster'		Behind greenhouse?
The Trevanion holly	What is it exactly – not simply I. aquifolium?	Drive/fernery
Ilex opaca	Fairly recent	Between ferneries
Ilex sapanaria?	Fairly recent (spelling wrong on list)	By camellia foliage
Ilex x koehneana 'Chestnut leaf'		Behind greenhouse?

Known deads

<i>Ilex georgii</i>	In last circa 15 years (but we did propagate so might be at Burncoose)	By Charlie Michaels Nursery
<i>Ilex fargesii</i>	Original introduction – dead after 1966 measuring as marked by PCT	Pound Corner / Rookery Gate
<i>Ilex corallina</i>	(<i>I. centrochinensis</i> ?) Original introduction – dead after 1966 measuring as marked by PCT	Below Tin Garden
