

Y = Yulania subgenus

M = Magnolia subgenus

No 19 & No20 = Y + M

Magnolia 'Delia Williams' (Magnolia sargentiana hybrid) (Mag. sargentiana(**Y**) var robusta x Mag. campbellii (**Y**) ssp. mollicomata)

grafted on Magnolia obovata 'Pink Flush' (syn. Mag. hypoleuca, Houpoea obovata) / **M**

- Magnolia Delia Williams (area6) grafted on M. obovata Pink Flush seedling OP/ (scion- one bud, 1-2 year mature shoot / modified side veneer graft) / used - grafting sealant, grafting tape and elastic band / 24th January / bare root + trimmed roots/

No 13 = Y+ Y

Magnolia campbellii (**Y**) var mollicomata 'Lanarth '

grafted on Magnolia sargentiana var robusta **Y**

- Magnolia Lanarth (area6 near Rogers Quarry, above rhododendron bed, above cold frames) grafted on M. sargentiana var robusta seedling /side veneer graft / scion 3year old shoots carrying short/the main shoot remained on the rootstock but the top was trimmed/ used - grafting sealant, grafting tape and elastic band / 24th January

No 14 = Y+ Y

Magnolia campbellii (**Y**) var mollicomata 'Lanarth '

grafted on Magnolia sargentiana var robusta **Y**

- Magnolia Lanarth (area6 near Rogers Quarry, above rhododendron bed, above cold frames) grafted on M. sargentiana var robusta seedling /splice graft / scion 2year old with trimmed top/ / used - grafting sealant, grafting tape and elastic band / 24th January

No 15 = Y+ Y

Magnolia campbellii (**Y**) var mollicomata 'Lanarth '

grafted on Magnolia sargentiana var robusta **Y**

- Magnolia Lanarth (area 6 near Rogers Quarry, above rhododendron bed, above cold frames) grafted on M. sargentiana var robusta seedling /modified side veneer graft / scion 2 year old with trimmed top/ the main shoot remained on the rootstock but the top was trimmed/ used - grafting sealant, grafting tape and elastic band / 24th January

No 16 = Y+ Y

Magnolia campbellii (Y) var mollicomata 'Lanarth '

grafted on Magnolia sprengeri (Y) 'Diva Burncoose' (Mag. sprengeri hybrid)

- Magnolia Lanarth (area6 near Rogers Quarry, above rhododendron bed, above cold frames) grafted on M. sprengeri 'Diva Burncoose' seedling /modified side veneer graft / scion 2 year old with trimmed top/the main shoot remained on the rootstock but the top was trimmed/ used - grafting sealant, grafting tape and elastic band / 24th January / bare root + trimmed roots/

No 17 = Y+ Y

Magnolia campbellii (Y) var mollicomata 'Lanarth '

grafted on Magnolia acuminata / Y

- Magnolia Lanarth (area6 near Rogers Quarry, above rhododendron bed, above cold frames) grafted on M. acuminata seedling /modified side veneer graft / scion 2 year old with trimmed top/ the main shoot remained on the rootstock but the top was trimmed/ used - grafting sealant, grafting tape and elastic band / 24th January

No 18 = Y+ Y

Magnolia campbellii (Y) var mollicomata 'Lanarth '

grafted on Magnolia sargentiana var robusta Y

- Magnolia Lanarth (area6 near Rogers Quarry, above rhododendron bed, above cold frames) grafted on M.sargentiana var robusta seedling /side veneer graft / scion 3 year old shoots carrying short/ the main shoot remained on the rootstock but the top was trimmed / used - grafting sealant, grafting tape and elastic band / 24th January/ bare root + trimmed roots/

No1&No2

Magnolia 'Phillip Tregunna' (Mag. sargentiana (Y) var robusta x Mag. campbellii (Y) (Mag. sargentiana hybrid)

grafted on Magnolia sargentiana var robusta (Y)

Magnolia Philip Tregunna grafted to Magnolia sargentiana var robusta

x 2- 11th January 2022 (scion- three buds on vigorous mature this year shoot / splice grafting) = Grafting Tape Self Adhesive Waxed + thick elastic rubber band)

No3 = Y + Y

Magnolia 'Phillip Tregunna' (Mag. sargentiana (Y) var robusta x Mag. campbellii (Y) (Mag. sargentiana hybrid)

grafted on Magnolia sargentiana var robusta (Y)

Magnolia Philip Tregunna grafted to Magnolia sargentiana var robusta

x 1- 11th January 2022 (scion- one bud on mature scion, this year shoot / modified side veneer graft) = Grafting Tape Self Adhesive Waxed + thick elastic rubber band)

No4 = M or Y + M

Magnolia fordiana (M) (syn.: Manglietia fordiana =subgenus Manglietia) or Magnolia foveolata (Y) (syn. : Michelia foveolata)

grafted on Magnolia grandiflora (M)

- Michelia/ Magnolia fordiana or foveolata (on the Planting Plans= M. forolata ?-behind Rh. praecox, across from Rh. Veryan Bay) ; next to and behind rhododendron stenaulum - area 1=/ grafted on Magnolia grandiflora / modified side veneer graft which went sideways;)/ scion 1year old/ used - grafting sealant, grafting tape and elastic band / 19th January

No5 = M or Y + Y

Magnolia fordiana (M) (syn.: Manglietia fordiana =subgenus Manglietia) or Magnolia foveolata (Y) (syn. : Michelia foveolata)

grafted on Magnolia kobus 'Octopus' (Y) rootstock

- Michelia/ Magnolia fordiana or foveolata (forolata -on the planting plants-behind Rh. **praecox**, across from Rh. Veryan Bay/ M. next to and behind rhododendron stenaulum - area 1/ grafted on Magnolia kobus Octopus/ modified side veneer graft / scion 1year old/ the main shoot remained on the rootstock/ used - grafting sealant, grafting tape and elastic band / 19th January

No 10

Magnolia Caerhays Philip

grafted on Magnolia sieboldii (M)

Magnolia Caerhays Philip /TG/ on M. sieboldii seedling / 21 January / modified side veneer graft /1 year well established scion- the shoot on the rootstock was thinner than scion/used - grafting sealant, grafting tape and elastic band /

No 11

Magnolia Caerhays Philip

grafted on Magnolia sargentiana (Y) var robusta

Magnolia Caerhays Philip /TG/ on M. sargentiana var robusta seedling / 21 January/ splice grafting /1 year well established scion- the shoot was cut off on the rootstock /used - grafting sealant, grafting tape and elastic band /

No 12

Magnolia Caerhays Philip

grafted on Mag. acuminata (Y)

Magnolia Caerhays Philip /TG/ on M. acuminata seedling / 21 January / modified side veneer graft /1 year well established scion,- the shoot was trimmed on the rootstock /used - grafting sealant, grafting tape and elastic band /

No 7 and No 8 = Y+ M

Magnolia Tropicana (M. acuminata (Y) 'Fertile Myrtle' x M. sprengeri (Y) 'Diva')

grafted on Magnolia sieboldii (M)

- Magnolia Tropicana /TG/ no Magnolia sieboldii seedling 2018/ modified side veneer graft / scion 2year old/ the main shoot remained on the rootstock/ used - grafting sealant, grafting tape and elastic band / 19th January

No 9 =Y + Y

Magnolia Tropicana (M. acuminata (Y) 'Fertile Myrtle' x M. sprengeri (Y) 'Diva')

grafted on Magnolia sargentiana (Y) var robusta

- Magnolia Tropicana /TG/ on Magnolia sargentiana var robusta seedling 2018/ modified side veneer graft / scion 2year old/ only the left side shoot remained on the rootstock/ used - grafting sealant, grafting tape and elastic band / 19th January

No6 = Y+Y

Magnolia floribunda (Y) (Syn. : Michelia floribunda)

grafted on Magnolia kobus 'Octopus' (Y)

- Magnolia floribunda / area 3 /on Magnolia kobus Octopus/ modified side veneer graft / scion 2year old/ the main shoot remained on the rootstock/ used - grafting sealant, grafting tape and elastic band / 19th January
